Stephanie Gillespie - May 20, 2025

14

1 A. Okay.

2 Q. All right. What's your full legal name?

3 A. Stephanie Lee Gillespie.

4 Q. And you're married?

5 A. Yes.

6 Q. What's your maiden name?

7 A. Stephanie Lee Parker.

8 Q. How old are you?

9 A. 38.

10 Q. You still live at 1308 East Blythe Street in
11 Paris in Henry County?

12 A. Yes.

13 Q. Where did you grow up?

14 A. I grew up in Paris, pretty much. I moved
15 there in fourth grade.

16 Q. Where did you move from?

17 A. We moved from Florida. My dad was in the Air
18 Force. Before that, we lived in California.

19 Q. Okay. Do you have family in West Tennessee?

20 A. Yes.

21 Q. Who would that be?

22 A. My sister -- I mean -- sorry -- my sister-in-
23 law, my brother, and my mom, my nephew and my cousin.

24 Q. Do they all live in Henry County?

25 A. Yes.

Stephanie Gillespie - May 20, 2025

51

1 care to preserve. I don't -- I don't recall taking
2 anything. I remember at this time thinking I didn't
3 have anything like that.

4 I mean I never deleted anything off of my
5 phone. But I didn't have any, like, paper documents or
6 anything like that. Electronic, anything other than
7 text messages, which to my understanding, you guys got
8 all of that.

9 Q. There were -- so you said you didn't have any
10 paper documents and other things. Your testimony just
11 a moment ago is that you didn't think you had anything
12 to preserve?

13 A. Yeah.

14 Q. Is that right?

15 A. That's what I -- yes.

16 Q. But you also said that there were some text
17 messages.

18 A. Well, I did not get rid of any text messages.
19 And that would have just been the few where I said
20 earlier that I, like, corresponded with Jesse over
21 those couple of months to see where we were at when we --
22 when we were at because I didn't speak to anyone else.

23 Q. So when you got this letter, Exhibit 2, on
24 June 13 or 14, you had text messages with Jesse at the
25 time?

Stephanie Gillespie - May 20, 2025

66

1 Q. When?

2 A. I'm not sure. September, October. I'm not
3 really sure. I'd have to look up --

4 Q. Was that after you --

5 A. It was well after all of this stuff was over.
6 I mean I had not --

7 Q. Was it after your phone was collected by the
8 forensic vendor?

9 A. Yes.

10 Q. Number 7 asks for all correspondence and
11 other documents exchanged with any then-current Weather
12 King employees after January 1 of '22.

13 And you responded, "None."

14 Is that truthful?

15 A. Yeah. Nobody spoke to me ever again from
16 Weather King.

17 Q. Yeah. So then -- I want to -- I do want to
18 make sure this is clear.

19 The question asks for any documents or
20 correspondence exchanged with any then-current Weather
21 King employees. So at any time after January 1, did
22 you have any correspondence --

23 A. January.

24 Q. -- with someone who was a then-current
25 Weather King employee?

Stephanie Gillespie - May 20, 2025

67

1 A. Yeah, I did. I don't really feel like that
2 response is correct. I'm sure that there were texts,
3 just regular -- unless I just understood it to mean in
4 regards to this, but I don't really know.

5 Q. Does it say "none" because you just weren't
6 paying very much attention to these discovery
7 responses?

8 A. Perhaps. I was just reading them
9 incorrectly. I didn't have any kind of, like -- there
10 wasn't anyone helping me.

11 Q. There was no one helping you?

12 A. I've never done anything like this before.

13 Q. No one helped you?

14 A. No.

15 Q. Go to number 14. This is asking you to
16 produce all nonprivileged correspondence or other
17 documents related to several things, but I'm going to
18 skip to (e), which says "any of the defendants'
19 possession of or use of any Weather King property."

20 And you responded, "None."

21 Is that your -- is that a truthful response?
22 That you did not have any documents or correspondence
23 related to any of the defendants' possession or use of
24 any Weather King property?

25 A. I believe that's correct.

Stephanie Gillespie - May 20, 2025

74

1 ATTORNEY PASTERNAK: Don't answer that
2 question because it's inherent, and you're asking about
3 the substance of the conversation.

4 Q. (By Attorney Dollarhide) Well, let me ask it
5 again this way.

6 Did you have any assistance in answering your
7 discovery -- in answering the discovery requests that
8 were addressed to you?

9 A. No.

10 Q. What did you do to look for responsive
11 documents?

12 A. I don't recall.

13 Q. Did you do anything to look for responsive
14 documents?

15 A. I really don't recall.

16 Q. Did you scroll through your cell phone?

17 A. I'm sure I did do that.

18 Q. Is it your testimony that scrolling through
19 your cell phone, you found no responsive documents?

20 A. I believe so.

21 Q. Is your Android phone backed up to a cloud
22 backup?

23 A. I don't think -- I mean like pictures used to
24 get saved to it, but it doesn't anymore because there's
25 no storage available.

Stephanie Gillespie - May 20, 2025

75

1 ATTORNEY PASTERNAK: Do you need a break?

2 We've been going more than an hour.

3 ATTORNEY DOLLARHIDE: I've got one --

4 ATTORNEY PASTERNAK: Okay.

5 ATTORNEY DOLLARHIDE: -- one more portion,
6 and then I want to take a break, if that's okay with
7 you.

8 THE WITNESS: Sure.

9 Q. (By Attorney Dollarhide) Your response to
10 these discovery requests were made in March of 2023.
11 And you represented in those responses that you didn't
12 have a single text message, email or any other document
13 responsive to these requests.

14 A. I did not feel like I had anything that was
15 relevant to what was being asked.

16 Q. Okay. Are you aware that your counsel has
17 represented to the court and to Weather King that you
18 didn't possess any text messages or other documents
19 responsive to Weather King's request?

20 A. I just -- just from what you just explained
21 to me about how this works.

22 (Letter dated April 14, 2023 marked
23 Exhibit 7.)

24 Q. (By Attorney Dollarhide) This is Exhibit 7.
25 It's a April 14, 2023 letter from your attorney to my

1 partner Mr. Johnson.

2 And in it in the second full paragraph, it
3 says, "I can confirm that in all cases where the
4 defendants have stated that they do not have responsive
5 documents or devices, those responses are accurate and
6 are based on a reasonable search of available sources."

7 And then at the end of that paragraph, it
8 says, "No documents or devices have been destroyed or
9 deleted. They simply never existed in the first
10 place."

11 Is that an accurate statement?

12 A. I believe so. I mean I definitely -- I
13 guess. I'm not sure how to answer the question.

14 Q. Did you review this letter at any time?

15 A. I really don't recall. I may -- I probably
16 did.

17 Q. If that was not true, if you did have
18 documents, would you have told him, "Hey, that's not
19 true. Don't send that out"?

20 A. Yeah. I mean yeah, I guess so. I mean sure.
21 I would.

22 Q. You didn't delete any text messages?

23 A. Not -- I don't believe so. I don't believe
24 so. No. I don't believe so.

25 Q. Is there a possibility that you deleted text

1 messages?

2 A. I don't delete text messages as a general
3 rule. I don't delete text messages. Like, as I told
4 you before, if it was a situation where it was old and
5 it got taken out like that, that was -- I did not do
6 that intentionally. I did not delete messages.

7 Q. How old are these old text messages that
8 you're talking about that get deleted?

9 A. It's not really a date thing. It's like how
10 many messages are in the thread. I think it's after
11 200 messages. So I don't believe anything was deleted,
12 even because of that.

13 I'm just -- I feel like I'm being trapped so
14 I'm not sure how to answer the question. Because I did
15 not intentionally delete messages.

16 Q. Did you delete any emails?

17 A. I don't think so. No. I mean I don't think
18 so. I really don't even generally delete emails at
19 all. So I don't believe so.

20 Q. You testified that there were some text
21 messages, you said a few text messages between you and
22 Jesse. Why didn't you produce those?

23 A. I'm not sure. I don't know.

24 Q. Were you aware that you had those text
25 messages?

Stephanie Gillespie - May 20, 2025

84

1 was before February, but --

2 I'm not sure when we talked. We spoke on the
3 phone. I don't think it was this day, but I don't
4 know. I was thinking it was February.

5 Q. Do you know why this wasn't produced?

6 So let me tell you something. Anything that
7 looks like this on the front page of Exhibit 8 that
8 says Short Message Report, that was obtained from the
9 forensic examination of your phone and your email.

10 A. Okay.

11 Q. Is there any reason why this was not
12 produced?

13 A. I --

14 Q. Let me ask -- let me ask that a different
15 way. Do you have any explanation for why this was not
16 produced?

17 A. I didn't realize that I even had this.

18 Q. Is this -- I think you said that you
19 scrolled -- you would have scrolled through your phone.
20 Was this not something that you found on your phone?

21 A. I'm not sure. I don't believe -- I don't
22 know.

23 (Email dated 3/1/2022 12:36:20 PM marked
24 Exhibit 9.)

25 Q. (By Attorney Dollarhide) I've handed you

1 Maupin, it doesn't say Weather King or Consolidated
2 Industries. It has 8139 State Route 121. Whose
3 address is that?

4 A. That's -- I think that's Jesse's address.

5 Q. It's not Weather King's address?

6 A. No.

7 Q. Did you take a lease agreement between the
8 Kowalzyks and Weather King and edit the document to
9 take Weather King off the document and put Jesse's
10 address on it?

11 A. I did.

12 (37 messages on 4/12/2022 between Jesse
13 Allen Maupin and Stephanie Parker marked
14 Exhibit 26.)

15 Q. (By Attorney Dollarhide) Exhibit 26 is an
16 April 12 email between -- I'm sorry -- text message
17 thread between you and Jesse. April 12 is a Tuesday.

18 8:59 a.m. Jesse asks you to send him
19 pictures of your workspace. Why was he asking you
20 that?

21 A. I have no idea.

22 Q. At 9:06 a.m., he says, "Side note. I just
23 made copies of our Globe lease on their copying
24 machine."

25 He's talking about Weather King copying

4. Identify each communication you had between January 1, 2021, and through the day of the termination of your employment with Weather King with any person then-employed by Weather King relating to that person's potential departure from Weather King and/or your potential departure from Weather King and, with respect to each such communication: (a) describe in detail the substance of the communication; (b) identify all parties to the communication; (c) identify the date of the communication; and (d) identify the mode of the communication (*i.e.*, telephonic conversation, email, text message, etc.).

Here is the link for Number Cruncher, which will soon be Order Time. As far as I can tell it's trying to compete with Salesforce. It looks very similar from what little i can see without going ahead and setting up accounts to look at the free trials. But i gotta tell you, I love the idea of sticking with that because I just already know so much about it. I am also completely fine with learning Salesforce! i also saw on the Order Time site that you can run payments through it, which i think Number Cruncher has always had the capability to do but we've never used. costs more i'm sure.

I've attached a real quick spreadsheet i put together to compare the two best options but also there's a link so you can see all 4. I think we should go with essentials because I doubt you'll need more than 3 users. Also i'm not sure you'll need those last two extra features.

There should be privacy issues since your a customer that they shouldn't be able to speak with anyone about what your doing. I would just ask them and see? The office will be finished soon so then we will have our desktop computers so we can get them downloaded setup and ready. I would say they wouldn't be able to speak to anyone about what your needs are as a customer.

Hello Kim!,

Sorry it has taken me a while to get back to you.

I so enjoyed the live demo. It made me feel even better about choosing Order Time.

I have a meeting this week with the owner to discuss some particulars about when exactly we hope to open so that I will know when to go ahead and purchase. I know vaguely that we aren't planning to open doors until June 1. As the person who is going to be training all the new employees, I want to have plenty of time before that to be getting to know all the ins and outs and have all the lists ready to go. On that note, I wonder how the onboarding process works if I'm the only employee at the beginning.

I was hoping to find out if you have any suggestions for exactly where to begin with building the database. Should you start with the vendor list or item list, or does that even matter? I'm sure there is a good tutorial that goes over it on the website! I have been so impressed with the knowledge base.

Thanks again for everything so far.
Stephanie

I will get you a list compiled of everything spreadsheet wise that we need for what we are gonna be doing. Now keep in mind that we might have to add some to that later but I wanna keep stuff basic and functional and being able to trust people to do their jobs that won't be a hard thing to accomplish. I've got a good idea of what we need to hire but there will be some for the office and some for the rental company same building but different genre on what they will be doing. If we have the office done I would love to get started and gone from here ASAP I'm done with this place and their selfish greedy one sided antics. Send me your cousins resume if you think she would do it I'm gonna bet we bring her on but keep in mind she won't make what you make and have the same benefits and such but will be better than most and raises earned and appreciated for sure. Thank you again for all that you have and will do and I feel our team will be unstoppable and we can have fun be human and make money while we are doing it!!

Okay so I figured it might be easier and less weird to just go over my questions in an email instead of trying to meet for lunch. I mean I don't have that much to talk about, it's just that we can't discuss anything at the office and it's so hard to talk on the phone in the afternoons. Mostly I just want to go over a few questions I have regarding what you're looking for with spreadsheets and stuff.

I got an email from Kim at Order Time today as a follow up to the live demo and to see if we have any questions. I let her know that we were having a meeting this week so that I could find out a more definitive timeline of when we plan to purchase and start building everything. I should hear back from her tomorrow on that. I'll forward that e-mail thread to you so I don't have to rehash it all here.

But basically I told her if we plan to open in June that I would want to be working on it well before then to have all the basics covered and lists built so that I will be ready to start training everybody when we open. I'm not sure if they will do the onboarding session with just me if I'm the only person working at the very beginning or if they would wait to do that when we have more employees to do it together. Basically onboarding is where someone from Order Time meets with us either virtually or in person (there's a cost difference there) to teach how the program works and help with setup. She should be letting me know on that.

Another thing I was wondering about was what all positions you plan to hire for, or if you already pretty much know who you'll have for everything. I did get my cousin's resume and I will forward that to you in another email.

Okay I really need a list of what all spreadsheets you want me to reproduce. I have already built the sheets for the plant but that's the only one. And I really wish I knew how to duplicate the driver app spreadsheet but I have no idea how that spreadsheet interacts with the app that the drivers have on their phones. I do not know how to make that work. I know how the website sheet should look but I don't know what it takes to make it work with the mobile app.

Okay also, I never did put in for vacation for next week since I didn't really have anything to do and I'm not sure you really need me to be going over to the new office a full 2 months before we open haha. Shouldn't take long to plug in and turn on the computers and with Order Time there is no computer set up because all you do is go online and log in. So I'm going to probably ask for the week of April 4-8 for vacation just to have some time off and if we need me to I can go over then.

Alright well really I think that's it.

Got all your emails and replied accordingly. Do you have the google sheet figured out yet? As far as for the plants we will need payroll inventory tracking material ordering and a lot of that stuff I will use what I've got we will need about 3 more people starting out other than you and then more for the rental company side of it. I would really like for you to be more involved with the accounting and money side of things one day or learn as we grow you have much more potential and growth capabilities

Question. Why is Kingman and Vegas payroll so easy and the other plants are so complicated?

SP Stephanie Parker <9312376048> 3/29/2022, 9:36 AM
Which will be doing?

 Jesse Allen Maupin <2709709453> 3/29/2022, 9:39 AM
All of our payrolls will be easy like kingman and Vegas they are independent shops we pay them and they pay their help and all of my shops will be like that so all your payroll will be like Vegas and kingman and most of the same percentages the build basis will be 20% higher but percentages will be most likely the same

SP Stephanie Parker <9312376048> 3/29/2022, 9:40 AM
I definitely want to learn the book keeping side for sure! Wish I knew it already but I mean I'd even take classes to get educated and trained on it.

Ok great. That'll be good.

SP Stephanie Parker <9312376048> 3/29/2022, 9:41 AM
I'm almost certain order time can be used to track materials too. Never understand why David had so many excel sheets when the program we have can be used to do all of that.

 Jesse Allen Maupin <2709709453> 3/29/2022, 3:48 PM
Who knows why they do what they do or are the way they are I know how we ain't gonna be and it's anything like them!!

Got a virtual meeting next Wednesday at 1030 with the onboarding specialist to go over the process and have any questions answered.

Jesse Allen Maupin <2709709453>

4/7/2022, 8:35 AM

Well spark I don't know that I have any questions if it will do what number cruncher does then that's what we need. Your kind of my mastermind and pro-tech on that stuff

SP

Stephanie Parker <9312376048>

4/7/2022, 8:35 AM

Don't worry I'll have the questions haha

SP

Just letting you know that's what the meeting is for.

Jesse Allen Maupin <2709709453>

4/7/2022, 8:38 AM

Well thank you spark!! If you think we should run payments through order time it doesn't matter to me and I'm not worried about expense well I am but if it makes sense to do something and makes everything more streamlined and efficient then we should do it.

SP

Stephanie Parker <9312376048>

4/7/2022, 8:41 AM

Ok I'll definitely make sure and get that part worked out. Gotta get the quick books started too. I'm assuming you'll purchase both at the same time but that's part of what I plan to talk to him about.

Jesse Allen Maupin <2709709453>

Hey.

I looked at the rental agreement. Are you talking about at the very bottom under your name where it has the weather king address? That's easy enough. It also had your old email address on it. Do you want me to put just a physical address and phone number?

Sorry I didn't see this email before now. Text me if you email me haha.

If they never declared in an employee handbook that the email was to be read they can do that and we don't have an employee handbook

Here is the driver log form in both a PDF version you can hand write on and an EXCEL version you can type in. I've also attached a copy of our price sheet. The building price for billing will be 65% of what the sales price is. If you have any questions let me know let me know.

Thanks,
Stephanie
